#### The Legislature.

A bill was introduced appropriating \$15,000 for the repairing of Clay's monument in Lexington, recently damaged by lightning.

Senator J. Embury Allen, of Fayette, introduced a bill appropriating \$133,000 for improvements on the Eastern Lunatic Asylum at Lexington.

The twin bills looking to the extension of the school term in Kentucky from five to six months were drawn by Mr. H. V. McChesney, former State Superintendent of Schools and at present Secretary of State. They are heartily endorsed, and will no doubt be favored by all persons who are interested in the cause of education in the State.

A large number of bills were offered Tuesday.

The following bills have been introduced by our Representative, Mr. Thompson:

No. 26—Providing for the death penalty for robbery and burglary. Referred to Committee on Kentucky Statutes.

No. 154—Appropriating \$1,500 annually for additional clerical assistance to the State Treasurer. Referred to Committee on Internal Improvements.

No. 154—Increasing the penalty for the failure of Road Overseers to perform their duties. Referred to Committee on Internal Improvements.

The Senate and House Committees were announced Monday. Bourbon Representative, Hon. A. S. Thompson, was appointed on five committees, as follows: Chairman on Appropriations and a member on Rules, Appellate R. districting, Legislature and Congressional Redistricting, Military Affairs and Agriculture.

Miss Florence Bae, of Louisville, is here for the purpose of teaching shorthand and type-writing. She can be found at her aunt's, Miss Ella Fleming's.

Dr. W. M. Miller sold the residence now occupied by B. A. Thomason, to his uncle, Robert E. Miller, and the brick cottage occupied by Mrs. Louis Vimont, to Mrs. A. J. Lamb. Prices private.

Mr. Mason Johnson is very feeble and not able to be out for past two weeks; Mrs. C. M. Best is some better; Mr. Roe Evans and Thos. Gorham are some better; the five-year-old son of Douglas Shaw is very low with abscess in side, and paralysis.

The town council held its regular meeting, Tuesday night. The bonds of T. P. Wadell, clerk, Ed. Ingels, treasurer, and Leonard Howard, marshal, were accepted. The treasurer reported \$633 on hand. The town mule was ordered sold. Committee appointed to buy a dozen fire coats and hats. Geo. McDonald, colored, elected lamp-lighter.

#### "Do It To-Day."

The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demolishing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschree's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.—W. T. Brooks.

THE weather clerk seems to have been rubbing it in with all kinds of cold weather. As a consequence, the poorer class have suffered.

"He shall come again," is the motto for 1904 that Dowie has left for his people. But the sheaves Mrs. Dowie stored away in that strong box are not likely to be brought with him.

A SPECIAL dispatch from Washington quotes United States Senator Blackburn as announcing himself for re-election. This has been a matter of much speculation throughout Kentucky.

THERE is not much of poetry, but a middlin' fair share of common sense in this observation of a country editor in Missouri: "The big difference between Joe Folk and other candidates for Governor is that while they might have did Joe has done did. A didder is better than a might-have-didder every day in the week."

RATHER than associate with a negress at a teachers' meeting Miss Anne S. Evans, one of the teachers in the primary grade at Wellston, Mo., resigned her position. Mrs. Leon, the negress, has supervision of both the negro and white schools and recently issued an order that the teachers should hold meetings every two weeks. Miss Evans appealed the question to the superintendent and then to the State board, but was overruled both times. She then resigned. Sae has received several letters from prominent Southern people congratulating her on her stand and offering her positions in the South.

IN another column will be found the announcement of Mr. T. Porter Smith as a candidate for the office of Representative of Bourbon county in the next General Assembly. Mr. Smith is one of Bourbon's most popular young men, and in the capacity of an insurance agent, which has been his principal occupation, has done much in the interest of getting low interest rates for the people of Bourbon. Mr. Smith has been a life-long Democrat, being the son of the late Thomas P. Smith, who was for 40 years County Clerk, of Bourbon. Mr. Smith, if elected, will no doubt fill the office with credit.

AWAY FROM HOME.—Dr. J. T. McMillan, the dentist, will be absent from his office for the next six days, being absent from the city.

#### NATURE'S OWN CURE.

Hyomei Cures Catarrh Without  
Dangerous Drugging of  
the Stomach.

Not until Hyomei was discovered has it been possible to truthfully say that a remedy for catarrh was known.

This remedy is breathed through the Hyomei inhaler for a few minutes four times a day, and during that time every particle of air taken into the air passages and lungs is impregnated with the germ killing and health giving Hyomei. It is the only treatment that cures catarrh.

Stomach drugging often causes disordered digestion or brings on some other diseases and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the germs in the blood. It frees the mucous membrane from poisonous microbes and gives perfect health.

A complete outfit costs but \$1.00, and includes an inhaler, cropper and sufficient Hyomei for several weeks treatment.

Clark & Co., have so much faith in the merit of Hyomei that they agree to return the money to any purchaser who may be dissatisfied.

## BIRTHS.

—To the wife of Samuel Biggs, formerly Miss Sallie Joe Hedges, of this city, at Huntington, W. Va., on Wednesday morning, a son—George Nathaniel Biggs.

## DEATHS.

—Robert S. McMillan died at his residence in this city, Wednesday night. He was a son of the late Robert McMillan, who resided many years at North Middletown, Ky. The deceased was a soldier in the civil war. He was unmarried and is survived by his sister, Mrs. Anna McMillan Talbott and one brother, W. H. McMillan, and a half-brother, Dr. John T. McMillan. He had been an invalid for many years, but was only ill two days before the death summons came. He drew a pension of \$72 a month.

The funeral will be held from his home at 2 o'clock, to day, the services being conducted by Elder Carey E. Morgan, and the burial will take place in the Paris cemetery.

—Mrs. Frank Skillman died at her home on the Cane Ridge pike, yesterday morning, at 7:30 o'clock. Mrs. Skillman was formerly Miss Boone Hopkins, the only daughter of Squire Hopkins, and was one of the handsomest and most popular young ladies of that neighborhood. Mr. and Mrs. Skillman had only been married about two months. This is one of the saddest deaths that has occurred in that vicinity for years, as the young married couple's friends were legion and they were special favorites with all who knew them and were just in the prime of life.

Mrs. Skillman had often visited her young friends in this city, and by her winning and charming manners, had made a host of friends, who will regret exceedingly to hear of her sudden death.

—Mrs. W. Sweeney Ray was hostess on Wednesday from 2 until 8 p. m., to the Lexington Euchre Club. Mrs. Ray entertained the ladies from our neighborhood in elegant style with progressive euchre, after which a most bountiful luncheon was partaken of. The beautiful home of Mr. and Mrs. Ray was tastefully decorated for the occasion, the color scheme of green and white being carried in every particular, which presented a beautiful picture. ## FIFTY-EIGHTH CONGRESS.

Regular Session.

Washington, Jan. 9.—Senate—Alleged post office frauds were under discussion in the senate Friday, the subject being opened in a set speech by Mr. Simmons (N. C.), who insisted there should be an investigation by the senate into the charges. Mr. Platt (Ct.) denied that the republicans were trying to cover up any wrong-doing in the post office department and said they simply were contending that the post office committee should ascertain what was to be investigated. The discussion was participated in by Messrs. Burrows, Dooliver and Quarles on the republican side and Messrs. Carmack, Tillman and Teller on the democratic side. The senate adjourned until Monday.

House—The house made available the sum of \$250,000 to be used to meet the emergency caused by the ravages of the cotton boll weevil and other insects and diseases affecting cotton. The measure was adopted without division, meeting general support. The sum is to be diverted from the half million dollars appropriated last year to eradicate the foot and mouth disease among cattle. Pension bills to the number of 115 were passed. The house adjourned until Monday.

Washington, Jan. 12.—Senate—Senator Hepburn introduced in the senate Monday a resolution directing the stay of all proceedings now pending on any application to enter or patent even numbered sections of public lands in lieu of odd numbered sections owned by any railroad within the limits of forest reserves created by executive order. Railroad companies and individuals have been compelled to surrender public lands within the territories set aside by the president for forest reserves and are selecting land outside of such reservations in place of the land surrendered. Senator Hepburn's resolution declares the intention of congress to let that railroad companies shall not receive as grants any even numbered sections of the public lands and that all such even numbered sections should be reserved for individual settlement.

House—No business of general importance was transacted in the house Monday.

Washington, Jan. 13.—Senate—For almost five hours Tuesday the senate debated the Panama question and it was still under consideration when the senate adjourned. The discussion arose a resolution looking to the arbitration of Colombia claims on account of the Panama revolution.

House—The house for more than five hours considered the legislative, executive and judicial appropriation bill, but reached no conclusion on it. A variety of topics, including Panama and the tariff, were discussed during the course of the debate. When the item in the bill providing for the expenses of the civil service commission was reached Mr. Hepburn (rep., Ia.) took occasion to express his opposition to the civil service system as it now exists and expressed a desire to amend the bill by striking out the paragraph providing for the expenses of the commission. Discussion of the civil service was pending when the house adjourned.

Washington, Jan. 14.—Senate—Panama was again the principal subject of consideration in the senate and, as on Tuesday, the debate was spirited. Mr. Carmack opened the proceedings with a set speech in pointed criticism of the president's course and was followed by Mr. Spooner, the only speaker of the day in defense of the president's action as lawabiding, and in defense of the president himself as a "patriotic, brave and true man." Before the Panama subject was taken up there was a brief but lively discussion between Messrs. Patterson and Scott of the labor troubles in Colorado.

House—After a lively debate lasting three hours the house Wednesday, in committee of the whole, by a vote of 78 to 65, struck out of the legislative, executive and judicial appropriation bill the paragraph providing for the salaries and expenses on the civil service commission and clerks employed under the commission. Notice was given by Mr. Bingham in charge of the bill, that a yes and nay vote will be demanded on the amendment striking out the provision for the expenses of the civil service commission when the bill is reported in the house. No conclusion was reached in committee on the legislative bill.

## THE FOSTER FUNERAL.

Many Distinguished Men of Ohio and Other States Attended.

Fostoria, O., Jan. 12.—The funeral of the ex-secretary of the treasury and ex-governor of Ohio, Charles Foster, was held here Tuesday afternoon, the services being conducted at the Methodist Episcopal church in the presence of a large congregation, including many distinguished men of Ohio and other states. The services were conducted by Rev. Messrs. J. W. Hyslop, rector of Trinity Episcopal church, of Tiffin, who read the Episcopal service for the dead; Rev. J. F. Harshager, pastor of the church where the funeral was held, who delivered the eulogy, in which he gave a brief history of Mr. Foster's life and his achievements, and Rev. C. G. Martin, pastor of the Presbyterian church, who offered a prayer.

A quartette sang Mr. Foster's favorite hymns, namely, "In the Sweet Bye and Bye," "Thy Will Be Done," and "Nearer, My God, to Thee." There was a profusion of beautiful floral tributes. Gov. Herrick, ex-Gov. Nash and Gen. J. Warren Keifer, at whose home Mr. Foster was taken ill, were among those present.

To Choose Delegates at Large. Washington, Jan. 14.—Senator Penrose, chairman of the state committee, Wednesday night sent out notices naming April 6 as the date for the meeting of the Pennsylvania state convention to choose four delegates at large to the national republican convention.

To License Customs Brokers. Washington, Jan. 14.—Representative Hill, of Connecticut, introduced a bill providing for the licensing of customs brokers. It authorized collectors of customs to issue licenses to reputable persons as customs brokers.

## NEBRASKA THE LAND OF PLENTY

I wonder why it is that so many men spend their days working hard on rented farms, barely making enough to get along, with no great prospect ahead of owning their own homes, when within a few hours' journey is a land of plenty—Nebraska—where all kinds of grain and fruit can be raised with the least amount of labor; where cattle and hogs fed on corn bring a handsome profit; where the climate is healthful and churches and schools abound; where land is cheap and can be bought on very easy terms.

Think of this, and if you want information about the country send to me for "The Corn Belt," a beautifully illustrated monthly paper that tells all about Nebraska, and also for "The West Nebraska Grazing Country," an interesting illustrated booklet containing a large sectional map of Nebraska.

On the first and third Tuesdays of each month during the balance of this year cheap excursion tickets will be sold over our road to Nebraska, so that people may go and see for themselves. Ask your ticket agent about this.

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thickly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well.

I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nora Hennessy, 410 S. Broadway, Lexington, Ky. —\$5000 for each original of above letter proving genuineness cannot be produced.

## TOOT FOR MISSOURI CORN.

Poetic Puke Pears a Poem of Pride—May Have Had Corn Juice on the Inside.

The Joplin Globe's poet, having read that Missouri beats the world in the production of corn, took his horn in hand and blew these few blasts in celebration of the fact.

"When you think about Missouri and are wont to toot her horn, please to give a passing mention to her golden yield of corn. Lagni sae sets the pace industrial in appliances, and in other lines of effort is serenely at the head, it is only very recently she's come into her own as the state where in the biggest crop of yellow corn is grown. The bureau of statistics agricultural relates that Missouri has distanced all her sisterhood of states in the number of acres dedicated into corn and the number of bushels from each fruitful acre born. The statistics draw comparisons, which show upon their face that Miss Prohibition Kansas is assigned to second place, and ambitious Oklahoma, of whom a drollist heard, the facts and icy figures stick in corner labeled third. So hereafter, when you feel inclined to toot the old state's horn, don't forget to blow a blast or two in honor of her corn."

**A Physician's Statement.**  
Yonkton, Ark., Jan. 11.—Leland Williamson, M. D., one of the clearest physicians, has made a statement, endorsing Dodd's Kidney Pills and saying that he uses them in his daily practice in preference to any other kidney medicine. His statement has created a profound sensation as it is somewhat unusual for a physician to publicly endorse anything in the shape of a patent medicine. Dr. Williamson says:

"After twenty years' practice in a sickly and malarious country I have come to the conclusion that it is always best to use the remedy that will relieve and cure my patients whether ethical or not.

"I have used Dodd's Kidney Pills with uniform success in the various forms of Kidney Disease. Pain in the Back, Gout, Rheumatism, Inflammation and Congestion of the Kidneys and all kindred diseases; I always prescribe Dodd's Kidney Pills in such cases and can testify that they invariably restore the kidneys to their normal state and thereby relieve the blood of accumulated poisons, producing prompt and effective cures."

## ANOTHER "NATURE" BOOK.

In Which Bridget Seton-Clancy Relates Tales of Her Intimacy with Wild Animals.

"Wild Brutes I Have Saw," by Bridget Seton-Clancy. This charming group of essays has about it the odor of the backwoods to a remarkable degree, says the Milwaukee Sentinel.

The authoress explains, in the preface, that her early life was spent in the wilds of northern Minnesota, where she associated almost entirely with wild animals. She says:

"Many times I used to set under a tree for hours at a time, watching for to get a shot at a rabbit. I could shoot good with a rifle, and have often seen men who were worse shots than I be. When the other girls were wasting their time going to district school, I would be walking through the woods, watching the wild beasts playing in the trees and on the grass, and learning something every minute. I seen lots of funny incidents, which I will try to mention in this here book."

Miss Seton-Clancy is one of those free, untamed souls who occasionally startle the literary world by their supreme disregard for the statute in such case made and provided. If she is ever worried by the rules of grammar, it does not appear in her work. She has something to say, and says it straight from the shoulder.

This is one of the best books of the year, and it should enjoy a large sale.

## To Avoid Tie Vote.

In the history of our comic literature there have been many genuine "fish bulls" recorded, but rarely one that is of a madder brand than that encountered a few nights ago at a political gathering on Locust street, above Broad, in Philadelphia, says the Record, of that city. A convention of delegates had been called to revise the rules of the party and in order to expedite matters a delegate moved that a committee of 15 be appointed to draft the proposed rules. Before this was adopted another delegate suggested that a committee of 15 would be unwieldy and proposed an amendment, reducing the number to eight. This was agreed to, but before its adoption the aged delegate, with a rich Missouri brogue, arose and solemnly proposed: "Misther 'Chairman, I move yer that the committee be increased to noine, so that in case of a tie vote there'll be a majority of wau."

Mr. Brock's  
Age: 115  
Years.

MR. ISAAC BROCK, BORN IN BUNCOMBE CO., N. C., MARCH 1, 1788.

His age is 115 years, vouched for by authentic record. He says: "I attribute my extreme age to the use of Peruna."

Born before the United States was formed.  
Saw 22 Presidents elected.  
Per-na has protected him from all sudden changes.  
Veteran of four wars.  
Shed a horse when 99 years old.  
Always conquered the grip with Per-na.  
Witness in a land suit at the age of 110 years.  
Believes Per-na the greatest remedy of the age for catarrhal diseases.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 115 years. For many years he resided at Rosque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas.

**Salzer's Home Builder Corn.**  
So named because 50 acres produced so heavily, that its proceeds built a lovely home. See Salzer's catalog. Yielded in 1903 in Ind. 157 bu., Ohio 160 bu., Tenn. 18 bu., and in Mich. 23 bu. per acre. You can beat this record in 1904.

WHAT DO YOU THINK OF THESE YIELDS PER ACRE?  
120 bu. Barless Barley per acre.  
310 bu. Salzer's New National Oats per A. 80 bu. Salzer Speltz and Macaroni Wheat. 1,000 bu. Pedigree Potatoes per acre. 14 tons of rich Billion Dollar Grass Hay. 60,000 lbs. Victoria Rape for sheep—per A. 100,000 lbs. Teosinte, the fodder wonder. 55,000 lbs. Salzer's Superior Fodder Corn—rich, juicy fodder, per A.  
Now such yields you can have, Mr. Farmer, in 1904, if you will plant Salzer's seeds.

JUST SEND THIS NOTICE AND 10c in stamps to John A. Salzer Seed Co., La Crosse, Wis., and receive their great catalog and lots of farm seed samples. [K. L.]

## THREE YEARS AFTER.

Eugene E. Lario, of 751 Twentieth Avenue, ticket seller in the Union Station, Denver, Col., says:

"You are at liberty to repeat what I first stated through our Denver papers about Doan's Kidney Pills in the summer of 1899, for I have had no reason in the interim to change my opinion of the remedy. I was subject to severe attacks of backache, always aggravated if I sat long at a desk. Doan's Kidney Pills absolutely stopped my backache. I have never had a pain or twinge since."

Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

This centenarian is an ardent friend of Peruna, having used it many years.

In speaking of his good health and extreme old age, Mr. Brock says:

"After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so."

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 115 years I have withstood the changeable climate of the United States."

"I have always been a very hearty man, but of course subject to the little affections which are due to sudden changes in the climate and temperature. During my long life I have known a great many remedies for coughs, colds and diarrhoea."

"As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only, reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy."

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine."

"When epidemics of the grippe first began to make their appearance in this country I was a sufferer from this disease."

"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and found it to be just the thing."

In a letter dated January 31, 1903, Mr. Brock writes:

"I am well and feeling as well as I have for years. The only thing that bothers me is my sight. If I could see better I could walk all over the farm and it would do me good. I would not be without Peruna."

Yours truly,  
Isaac Brock.

For a free book on catarrh, address The Peruna Medicine Co., Columbus, O. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

## FORGOT FOR A MOMENT.

Automobile Wouldn't Stop When the Driver Told It To—Cost Him \$300.

The horsemen of Rochester who have not yet surrendered to the automobile's wiles are laughing heartily at the mishap which overtook one of their number whose affection for the equine flyers did not prove so adamant, says the New York Tribune.

He purchased an expensive electric runabout, and, although an ardent horseman, became much interested in manipulating his new toy.

It took him several days to get over that gone feeling which attacked him whenever he looked over the dashboard and saw only the road in front, but he hoped in time to forget the absence of the accustomed horse. It was this forgetfulness which caused the trouble.

He took a pleasant little spin one night last week and returned along the familiar roads. The automobile ran with smoothness and his mind was untroubled.

He swung up the wagon road, saw the barn doors wide open, and, with the machine at the "third power," rolled swiftly over the threshold. As the wheels touched the floor he tossed his hands off the steering bar and shouted in his old-time voice:

"Whoa!"

When he dared to look, he found that the machine had bucked its way through a thin partition between the carriage floor and the stalls, and was trying to eat hay out of a feedbox. His friends declare that his second of forgetfulness cost him \$300.

## SHE SAVED HER HAT.

Sudden Shower Came Near Ruining Eighteen Dollar Bonnet of a Fair Young New Yorker.

A sudden shower came up just as the young woman alighted from an "L" train. She bought a popular magazine from the newsboy and then went up to the ticket chopper, says the New York Press.

"Kindly notify me when it has stopped raining," she said to him, as she passed into the ladies' waiting-room. There she disposed herself as comfortably as is possible on a hard-backed bench, and for more than an hour placidly read her magazine.

Several times the gateman slipped past the window and saw her immersed in a story, oblivious to her surroundings. Then the shower passed away, and he poked his head in at the door.

"Rain's all over, lady," he announced. She thanked him with a smile, straightened out her skirt and rolled up the magazine. As she was passing the gate she seemed to feel that some explanation was necessary.

"It's the hat," she announced to the gateman. "I paid \$18 for it about two hours ago, and foolishly started to wear it home. It's a good deal pleasanter to sit on a hard bench for an hour than to feel that your brand-new hat is being ruined before you have had even one chance to show it."

## FOUNTAIN PEN PERFECTION.

The Quaker City Self-Filling Fountain Pen Fills Itself and Thereby Fills A Long-Felt Want.

(Free Press.)

Any reliable time saver is eagerly welcomed by the modern business man. Probably the most forceful illustration of this condition of things in recent years was the enthusiasm with which the fountain pen was greeted. It seemed to mean the saving of so much time and annoyance for so many people that its sale was simply phenomenal.

But the fountain pen was not by any means perfect and its users soon discovered that the bother was only concentrated, instead of being dispensed with. The finest fountain pen would write differently well as long as there was ink in it, but when they gave out our busy man had to stop, unscrew an inky cap, hunt around for a filler and the particular ink recommended by the manufacturers of that particular pen, and so on through a long process of annoyance.

The manufacturers of the Quaker City Self-Filling Fountain Pen have overcome all this bother and produced a practical writing tool which is as easy to use as if one were simply writing with the filler needed for the old pen. There is nothing to unscrew, nothing to squirt, nothing to lose or get out of order. Its construction is simple and substantial and the operation of filling it so simple that you wonder nobody thought of it before.

It is merely necessary to dip the pen pressing it slightly, lift up as usual and go on writing. Its capacity is no less than the bothersome kind.

We feel that we are not over-praising the Quaker City Self-Filling Fountain Pen when we say that it represents the acme of fountain pen achievement.

The only pen that never spills ink, never inks the fingers, needs no filler, can be filled from any ink well, anywhere! Greatest gift of the year, for business men, students, school children—all who use a pen.

## A GREAT GIFT.

Costs \$1.00.
